## DESCRIPTION

The City of Rowlett has welcomed the construction of their York Timber Pedestrian Boardwalk right off of interstate I-66. Decero™ Designed & built completely from scratch, the 350' long bridge gracefully overlooks Lake Ray Hubbard while connecting to City of Rowlett's brand new park. With amazing detail, superb craftsmanship, and durable protection systems, this York Timber Boardwalk will surely be a major attraction for the citizens of Rowlett for generations to come.
